

we are hiring

## Electronics Engineer / Biomedical Engineer

AJM Med-i-Caps Ltd is an innovative medical technology startup company based in Nicosia, Cyprus. We are working on the development of a colon cancer screening capsule and are inviting applications from high-performing candidates for this immediate opening.

We are seeking for an Electronics Engineer/Biomedical Engineer/Computer Engineer or Applied Physicist in the field of Electronics to join our team. Candidates should have a University degree in Electrical and Electronics Engineering, Computer Engineering, Applied Physics or equivalent. A MSc/PhD degree or industrial experience in the area will be considered an advantage.

### RESPONSIBILITIES

Responsibilities cover all design and development aspects of electronic systems, from electronic circuit design, PCB design, system design and product integration and performance testing in laboratory or in-vivo test conditions. An experienced candidate will be considered for a technical project management role as the team expands.

### REQUIREMENTS

- › Degree in Electrical and Electronics Engineering, Computer Engineering, Applied Physicist or equivalent (PhD candidates would also be considered)
- › Experience with Analog Integrated Circuit design in the Cadence design environment
- › Experience with VHDL/Verilog in the Cadence in the Cadence design environment
- › Experience in Electronics Circuit design and Printed Circuit Board design
- › Hands-on experience in electronic circuit assembly, testing and debugging
- › Self-motivated and strong team player
- › Able to work under pressure and meet strict deadlines
- › Excellent knowledge in both written and oral English

### NICE TO HAVE ONE OR MORE FROM THE BELOW

- › Experience in conducting medical device experiments
- › Experience in medical device quality assurance processes
- › Experience in working with optic and optoelectronics

### REMUNERATION

Competitive salary based on qualifications and experience. The appropriate candidate will be eligible to participate in the company share option plan after a probation period. In-house and external training will be offered.

Please send your resume with a short cover letter in English stating the relevant job title in the subject to: [contact@ajmmedicaps.com](mailto:contact@ajmmedicaps.com)

All applications will be treated in strict confidence. The position is open until filled.  
(Only Cypriots or European Citizens will be considered)
